Users Testify

MyHotels (KSA)

“TravelCarma played a major role in launching our brand. They provided amazing technical assistance and built our website from scratch. Their support team is proactive and on many occasions has fixed issues even before we reported them. They provide everything an Online Travel Agency needs at an affordable price.”

Albania Explorer (Albania)

“Travel Technology is a crucial component of our business, which we achieved by choosing TravelCarma. They provided a functional, user-friendly, cost-effective and flexible solution with proactive customer support, open to changes when needed.”

Travel Shop (Croatia)

“TravelCarma is the best value for money system in the market. They have a large number of pre-integrated suppliers which helped us start quickly. They have a highly knowledgeable & supportive team & we highly recommend them.”

DebDab Travel (Africa)

“TravelCarma provided us a scalable booking platform for flights, hotels and activities with several features required by B2B agencies. Their team is quick to respond to our needs & often go out of their way to support us which is why we have stuck with them for over 6 years. We strongly recommend them over other providers.”
